LIGHTING

COLLECTION

Named after the Arum plant, this family of table, floor and wall lamps is characterised by an organically shaped lampshade that gently pends from a softly curved metal structure in a leaf-like manner. The off-centre composition of the lamps achieves the perfect balance through a solid black marble base that acts as counterweight. With a matte, off-white inside of the shade, the lamps provide a soft, evenly distributed light, while the direction of the lampshade can be adjusted to ensure optimal light conditions in all situations.
