

J-hook

The J hooks are created to optimize a shelving combination and fit together with the metal shelves. The J-hooks help you to keep your outerwear and backpack in order, or why not use them to display something more decorative like a hanging pot.

About the designers – Anna von Schewen and Björn Dahlström

Architect and designer Anna von Schewen is considered one of Sweden's most progressive and experimental designers. She has, together with her companion Björn Dahlström, designed several products for String Furniture. Björn Dahlström is a well-established Swedish designer and industrial designer. He is represented in various museums around the world, including the national Museum for Art, Architecture and Design in Oslo, The Museum of Design & Craft (The Röhsska Museum) in Gothenburg and Victoria & Albert Museum in London.
