Dimensions:

L: 46 cm / 18.1", W: 36,5 cm / 14.4", H: 27 cm / 10.6"

Product description:

A multipurpose, high quality, and distinctive storage box for all domestic or hospitality spaces. The four significant solid pillars have a small rounded top to make it easy to stack the boxes without them tipping over. It also creates a unique compelling form with a clear shadow line when the boxes are stacked. Able to take considerable weight and it is possible to stack as many as desired. Due to careful and measured design these storage boxes can stand alone on the floor or fit onto shelving.

Designer's thoughts:

"Using material found in a normal hardware store, I wanted Pillar Storage Boxes to be rational to produce and clever in their design. This type of product is often made of plastic, so my motivation was to design a more sustainable alternative."

– Rasmus Palmgren

Finish:

Beech

Clay brown

Warm grey

Made-to-order:

Non-standard configurations (special colors etc.) are available upon request at a minimum order quantity
