

# Ocean OC2 Lounge Chair

## Discarded plastic beer kegs & upcycled hard plastic

The Ocean OC2 Collection was originally designed in 1955 by some of the 20th century's most renowned designers, Jørgen and Nanna Ditzel. The design has now been created in plastic waste from Carlsberg's discarded plastic beer kegs. The series is characterized by its light structure with repeated slats and metal frames, made and tested for outdoor use. The Ocean OC2 Collection is designed for disassembly, meaning that the design allows each component in its purest form to upcycle into new production circles.
